

MacArthur Beach State Park

Welcome to John D. MacArthur Beach State Park,

the only state park in Palm Beach County. This is an “island in time” that is preserving the lush and diverse subtropical coastal habitats that once covered southeast Florida.

We invite you to explore nearly two miles of pristine beach and to swim in the clear blue waters of the Atlantic Ocean. This is only the beginning of the fun you can have at the Park. Strolling along shaded nature trails, joining a bird or butterfly walk and touring the estuary and Munyon Island by kayak affords visitors a true understanding of the “Real Florida.” Please use this brochure as your road map to the many special events and happenings offered in the Park.

Enjoy Your Visit!
