

KAYAKING @ John D. MacArthur Beach State Park provides visitors a unique experience.

Kayakers can paddle around the estuary, under Burnt Bridge onto the Lake Worth Lagoon, and visit Munyon Island—an outlying part of the Park with a rich history.

You may see wildlife; depending on the season, manatees, dolphins, rays, and a variety of birds are commonly spotted, allowing an up close view.

Please respect the Park resources, wildlife, plants and environment.
